BLK

### 3D mesh

Three-dimensional produced distance mesh to provide increased moisture and temperature management.

### Breathable upper

Increased moisture and temperature management for extended wearer comfort.

### Rubber outsole

Rubber outsoles provide versatile functions that make them suitable for many areas of application: excellent cut resistance, heat and cold resistance, high flexibility at cold temperatures, resistance against oil, fuel and many chemicals.

### Heel energy absorption

Heel energy absorption reduces the impact of jumps or running on the body of the wearer.

### Environments:

Dry environment

### Maintenance instructions:

To extend the life of your shoes, we recommend to clean them regularly and to protect them with adequate products. Do not dry your shoes on a radiator, nor nearby a heat source.
